“Our Business Is Rubbish!”

About the Company:

The company began in 2002 and has grown at a tremendous pace through the years. When the Company was first set up by its present day Director, Keith Rutherford it began with one wagon and five skips and has grown to now having five wagons and *over* two hundred skips, with a view to increase that year on year to keep up with customer demand.

The company now has its own site in Warrenby to incorporate a new Waste Transfer Station, which is able to receive large incoming amounts of waste for processing.

With committed and fully trained personnel, the company has grown to incorporate Skip Hire; Waste Advice; Waste Management / Minimization; Recycling; Demolition and Plant Hire.

We continually pride ourselves of the developed and strong working partnerships we have with many businesses both near and far and below are just some of the numerous Companies we have worked with on a daily basis:

- Enterpen Ltd
- Oceaneering International (Stockton)
- Redcar & Cleveland Borough Council
- Sir Robert McAlpine
- Southland Homes Ltd
- Yuill Homes Ltd
- Esco (UK)

LEGISLATIVE INFORMATION

- Company Registration No: **4730935**
- VAT No: **836 6976 71**
- Waste Carriers No: **YNA/839316**
- Waste Transfer No: **EAWML/66201**
- C.I.S Registration No: **29311 15220**

Full details of our Waste Carriers and Transfer Certificates are detailed at the reverse of this pack or, available from our website: www.1stchoiceskips.com.

Skip Hire:

The company supplies open or enclosed skips to clients from domestic; commercial and industrial companies in a range of sizes from 2cubic yards to 16 cubic yards. Account work is gladly undertaken with 30 days interest free contracts. All necessary licence's and permits arranged and prices are available upon request.

Waste Minimization/Waste Management

The UK has the worst recycling levels in Western Europe, with over 80% of recyclable material going to landfill. Our company therefore works constantly with its partners to ensure that best advice is delivered, to ensure that minimal waste is extracted to landfill sites. We currently recycle all plastics; metals; wood; textiles; bricks; rubble and soil whilst actively pursuing other product avenues.

Also available is tailored advice and recommendations for the pre-treatment of Waste and Waste Minimization.

Demolition

In the ever-changing property market it is apparent that some of the buildings from yesteryear no longer meet with today's modern vision. Therefore the company has formed a strong bond with locally managed companies to allow us to undertake all aspects of demolition work, ranging from street houses to factories. The works undertaken include:

- Insurance
- Site survey
- Working Plan Method Statement
- Safety Method Statement
- Full Risk Assessments
- Site Rules
- Induction Records for all Personnel and Visitors
- Certificates from Suppliers / HSE and the Local Council
- Timescale
- Plant Hire
- Haulage
- Waste Disposal/Recycling
- Ground Works for next project

Plant Hire

Working with local companies we are able to supply an excellent range of machinery for long/short term hire to include:

- Excavators from 1.5tons to 40 tons
- Dozers
- JCB's 3cx
- Dumpers
- Fencing
- Porta-loo's
- Rollers
- Stone Crushers
- Concrete breakers
- And lots more
